DAS BEVO*

Hallo freunde! {Hello friends!}

Welcome to Das Bevo, home to the century-old windmill in the heart of South St. Louis. Originally built by the Busch family in 1917, Das Bevo has been host to some of St. Louis' most interesting and over-the-top characters and their family and friends for over 100 years.

Beneath the bustling brunch-goers lies Das Bevo *Underground*, where the lights are low and the guest list is exclusive. Original multicolored stained glass plays backdrop to a stage that hosts corporate bosses by day and grammy-winning jazz artists come nightfall. Start off with cocktails under the neon lights at the base of the windmill and the rest will be history. Whether you need to get-er-done or have some fun, Das Bevo *Underground* is game to host your private group.
